

JACUZZI® BRAND IS AN ICON

Legendary for performance, reliability and ease of use, we set the standard by which all hot tubs are measured. While imitation may be the sincerest form of flattery, only 60 years of innovation can produce hot tub designs made to the demanding standards of the Jacuzzi[®] Brand.

Jacuzzi[®] Brand products are manufactured in 5 countries, enjoyed in more than 100 countries worldwide, and employ thousands of people around the world. Representing decades of innovation, design, performance and ease of use, the Jacuzzi[®] Brand is trusted by millions of customers globally.

The Jacuzzi family departs Italy for the United States and transforms the aviation and agriculture industries.

When Ken Jacuzzi, age 2, is diagnosed with rheumatoid arthritis, his father invents a portable hydrotherapy pump to provide pain-relieving hydrotherapy.

Jacuzzi soon became a household name thanks in part to repeated appearances on the national daytime television show, *Queen for a Day*, which boasted 20 million viewers. The Jacuzzi® Brand became an overnight sensation.

Through the years, the Jacuzzi® Brand has been awarded more than 700 patents, laying our foundation for unmatched hydrotherapy and leading to breakthroughs in jet engineering, design, and the SmartTub™ system.

With a foundation in health and wellness and a dedication to research and innovation, Jacuzzi continues to develop products that improve the lives of both high-performance athletes and everyday people while leading the industry as the most recognized hot tub brand in the world.

PERFORMANCE

Jacuzzi® premium products support the needs of high endurance athletes and teams who are committed to maintaining and improving their quality of life, both during and beyond their active careers through the power of hydrotherapy. Whether you're a professional athlete or a weekend warrior, Jacuzzi® products increase your ability to recover, relax and perform, harnessing water's natural ability to heal the mind, body and soul.

The Jacuzzi[®] Brand proudly partners with endurance athletes and professional teams around the world.

HYDROMASSAGE

Some of the smallest daily rituals you love to do can be more beneficial than you realize. As simple as enjoying a cup of coffee, a regular hydromassage routine combining heat, buoyancy and massage can reduce stress and lower back pain, improve sleep and post exercise recovery, and alleviate restless leg syndrome, cramps, arthritis, and fibromyalgia, improving your overall well-being.

PERSONALIZED MASSAGE

To ensure you experience an optimal massage, our hot tubs are engineered using dimensions from the average measurements of 90% of the population.

ANTHROPOMETRIC DIMENSIONS

MUSCLE STRUCTURE JET CONFIGURATION

ERGONOMIC SEATING

Seats designed to follow the contours of the body and recessed jets placed to perfectly match the muscle structure of the human form delivers a comfortable, premium hydromassage experience for most body types.

COMPLETE BALANCE

Using the Aqualibrium® Formula, each jet is individually calibrated to deliver the perfect balance of air and water, then precisely paired with the exact pump-to-jet ratio needed to ensure a balanced experience in each and every seat.

#science

POWERPRO™ JETS COLLECTION KEY

POWERPRO[™] JETS* COLLECTION

Our products deliver an adjustable high-flow,

low-pressure hydromassage that feels like no other.

*PowerPro[™] Jets are available in select models in the J-500[™], J-400[™], and J-300[™] Collections. Jets are not to scale.

POWERPRO™ MX

Based on the form and function of the original Jacuzzi® Jet, the MX jets deliver maximum volume at a higher air-to-water ratio to deliver a bold massage to the muscles in the lower back.

POWERPRO™ BX

The comforting yet rejuvenating bubbling effect massages the calves.

POWERPRO™ FX LARGE

Focusing on the middle of the back to relieve tension and muscle strain, the spiral action massage promotes better circulation.

POWERPRO™ RX

The spinning RX jet delivers comforting relief to the back and shoulders utilizing the highest performance hydromassage the Jacuzzi® Brand offers.

POWERPRO™ PX

Perfect for small muscle groups in the wrists, hands and legs, the gentle pulsating massage can be adjusted for different rates of flow.

POWERPRO™ FX DIRECTIONAL

Designed to relieve tension and improve circulation, this spiral action directional jet delivers a bold, targeted massage to the hips.

The spinning RX Jet seat delivers comforting **relief to the back and neck** utilizing the highest performance hydromassage the Jacuzzi[®] Brand offers.

UV-C SYSTEM \mathscr{P}

SALT SYSTEM

- Nature-inspired technology neutralizes pathogens
- Works with traditional chlorine or bromine sanitizer for sensitive skin
- Same technology used in bottled drinking water, aquariums, and hospitals

- VS Uses chemical reactions to generate chlorine from salt in preset doses
 - Provides a soft, silky feel to the water
 - Can be hard on equipment, corroding parts

OUR HANDS-FREE APPROACH TO WATER CARE

CLEARRAY ACTIVE OXYGEN™ CLEAN WATER SYSTEM

CLEARRAY Active Oxygen™ technology harnesses the power of air and light to work harder and clean the water longer. It's an advanced oxidation process that destroys contaminants and waterborne pathogens.

Hot Tub water is injected with a low-dose of ozone and mixed thoroughly. Ozonated water is then exposed to a UV-C bulb to energize the molecules. When ozonated water is treated by the UV-C rays, active oxygen is unlocked through a natural reaction called advanced oxidation.

Super-powered active oxygen destroys contaminants and water-borne pathogens to cleanse the water. The clean, clear water is then pumped back into the hot tub where it continues to clean and polish the water, breaking down the contaminants so it can be easily be removed through the filters.

5-STAGE FILTRATION PROCESS*

STAGES &2

The surface skimming weir and ProCatch™ bag work together to clean the surface while trapping large debris for easy removal.

STAGE

The ProClarity® filter on the ProStream™ circulation pump helps ensure clean, sparkling water quickly by catching tiny debris and particles that other filters miss.

STAGE

The ProStream™ circulation pumps pulls the water through a ProClear® filter that works to clarify water even when the jets are not running.

STAGE

The ProClear® filter operates with your hot tub's hydromassage pump to remove large and small particles providing the cleanest water.

*Stages of filtration vary by collection.

QUALITY

Quality is only as good as the people, processes, and parts behind the products. That's why Jacuzzi® Hot Tubs are exceptionally engineered with the best materials to ensure a superior product.

ProFusion[™] Shell

Three layers of material for a strong, scratch-resistant shell

Fully Insulated

An air, moisture, and sound barrier adding structural integrity to pipes

PowerPro[™] Jets

Utilizes the Venturi (fluid pressure) effect to create the perfect balance of air and water

Superior ProLast[™] Covers

Custom fit to lock in heat and improve energy efficiency and safety

INNOVATION

From an app on your smart device, you can enjoy the next generation of spa ownership. The exclusive SmartTub™ system is engineered to maximize your relaxation, recovery, and energy-saving potential. It's easier than ever to use and maintain your Jacuzzi® Hot Tub.

Alexa, ask my hot tub to start my massage

SIMPLIFIED HOT TUB OWNERSHIP AT YOUR FINGERTIPS

- Control energy savings and filtration
- Change temperature, lighting, and jets
- Manage your vacation home hot tub

- Sends real-time alerts and diagnostics to the dealer
- Delivers energy usage reports
- Relays power outage notifications

EASY TO USE

- Always connected with cellular based service
- Activate hot tub with your Smart Home device
- Access personalized tips and how-to videos
- Shop accessories and water care supplies

SmartTub™ system uses cellular-based communication and requires cell service from our provider partner in your area. See website for details. *Requires subscription beginning in second year of ownership.

^{**}Estimates are based on sensor readings and are not meant to match your utility measurements, see your local utility company for specifics to your local system.

MODEL SELECTION

I. SELECT SIZE AND MASSAGE OPTIONS

A common misconception about hot tub size is that you're limited to models with less seating options when yard space is limited. The good news is that a hot tub with more massage combinations requires only a slightly larger footprint; sometimes a matter of only a few inches.

2. CHOOSE LOUNGE VS. OPEN SEATING

LOUNGE

A lounge seat offers a full-body massage option and a more secluded spa experience.

OPEN SEATING

An open seating model offers more massage options and makes communicating with others in the hot tub easier.

3. FIND THE COLLECTION THAT'S RIGHT FOR YOU

$J-500^{\mathsf{TM}}$

LUXURY COLLECTION

FEATURES:

- SmartTub™ System
- Dual Elevated Edges
- Curvalux[™] Designer Woven Exterior
- ProTouch™ Glass Control
- PowerPro[™] lets
- PowerPro[™] FX-D Jets
- Integrated Corner Exterior Lighting
- CLEARRAY Active Oxygen™ System
- CLEARRAY® On-demand
- 5-Stage Filtration System
- ProStream[™] Circulation Pump
- Floating Propolymer™ Foundation
- Tool-free Cabinet Removal
- Quick Drain System
- Dual Illuminated Waterfalls
- ProEdge[™] Interior Illumination
- Sleek Cushioned Headrest
- ProLast[™] Cover

OPTIONAL FEATURES:

- ProLast™ Extreme Outdoor Cover
- BLUEWAVE® Stereo
 - Premium Speakers
- Amplified Sub-Woofer

PERFORMANCE

- Features PowerPro[™] FX Directional Jet for targeted hip massage
- Offers wrist jets incorporated into an upright seat in the J-585[™] model
- Provides wider variety of seating levels to accommodate varying heights comfortably
- Delivers a deep tissue massage experience in an upgraded RX Therapy Seat, combined with spinning, sizable coverage specialty jets to relax the back, and directionally adjustable jets that target achy hips

DESIGN

- Features Curvalux[™] exterior mimicking durable, high-end patio furniture
- Showcases a modern shape with an elevated silhouette and wall mounted controls, highlighting dual waterfalls for a soothing massage experience
- Highlights contours with a revolutionary architectural lighting design integrated into the cabinetry

EASE OF USE

- Incorporates full-color ProTouch™ Glass Control panel
- Utilizes SmartTub™ system for simplified hot tub ownership, compatible with an app for remote access to energy efficiency and temperature settings, alerts, and more
- Integrates a concealed clip skirt system for easy, tool-free access
